## A CHRISTIAN VOTE LESS EUROPEAN LOAD

### EVERY VOTE COUNTS!

A seat for the SGP is within reach, if we all use our vote. If you vote SGP, you will help us carry on and work toward a Christian voice in a modest European Union.

# JUNE 6 ELECTIONS A CHRISTIAN VOTE LESS EUROPEAN LOAD VOTE SGP!

**More Christian values and less power for the EU. This is what the SGP calls for within the European Parliament. The EU should cherish these values and should not interfere with affairs that are easily settled by member states themselves.**

## FOR CHRISTIAN VALUES

We observe that the EU is quickly secularizing, as well as promoting a secular agenda to all member states. Even when it comes to matters on which the EU does not have any authority, such as family affairs and abortion. The SGP urges Europe to revalue its Christian roots. That is why we work with conviction for life, family, Israel, persecuted Christians worldwide and Gods creation.

## BACK TO CORE TASKS

The EU should be there for the Netherlands, and not the other way around. No distant superstate, but an institution that serves its member states by cooperating on

cross-border issues such as commerce, migration and environment. But member states are perfectly capable to take care of education, social affairs, healthcare and culture without European interference. Any further integration such as European taxes, a digital Euro and a digital identity, is unnecessary and undesirable.

## ROOM FOR ENTREPRENEURSHIP

Our economy is dependent on the work of our entrepreneurs. In order for them to do their work properly, we need to decrease regulatory burdens. Farmers, fishermen and greenhouse agriculturists are delivering top quality, but Brussels is making it harder for them to keep up their good work and take care of their companies. For many years, the SGP has been a beam of hope for these entrepreneurs!

**In 2019, Bert-Jan Ruissen was elected as a member in the European Parliament for the SGP. He is running again for the next 5-year term. He was born in Oostdijk in Zeeland, lives in Krimpen aan den IJssel, is married to Mirjam and has four children.**
